

Nice to meet you!

# Welcome to Robotics

Have you heard about the new Girl Scout Robotics Special Interest Group? Before you commit to attending our monthly meetings (Third Sundays at the Program Place for Girls), come taste a little bit of robotics construction and programming to help you become familiar with our technology. Then plan on joining us at one of our upcoming meetings this spring as the robotics special interest group takes on larger challenges. We ask that all girls interested in participating in the Special Interest Group attend one of these introductory sessions. More dates will be announced in the fall.

- Who:** Girl Scouts ages 8 and up  
**Where:** Program Place for Girls, 3000 Southwest Freeway, Houston 77098  
**When:** July 11, 1 to 4 p.m.  
**Bring:** A Girl Scout permission slip and medical form (F-204, F-185)  
**Min./Max.:** 10/20  
**Cost:** \$7 per girl to cover technology fees  
**Register:** On-line or using Program Registration Form  
**Deadline:** July 2  
**Note:** Adults may drop off their girls with appropriate paperwork - medical forms and permission slips. Parents and leaders should not expect to participate in the activities.
